Competition Rules MEN'S

The following rules are always to be read in conjunction with the Rules of Golf and such Local Rules as may apply at the time of play.

NOTE: In all competitions involving a partner, your partner CANNOT BE your marker on the score card.

1. CLUB CHAMPIONSHIPS

Eligibility:

At least eight (8) non-NCR (Non-Conforming Round) scores in singles competition each year (in the period since the end of the previous Club Championships) and MUST be played in E.M.G.C. competition at the East Malvern Golf Club.

(Pennant matches to maximum of three (3) may be accepted as competition scores, subject to allowance by the Match Committee under special circumstances).

New members must have obtained a club handicap prior to the first competition round in December of the preceding year.

The applicable handicap is the player's E.M.G.C. blue tee handicap current on the first day of play for the Championships.

The player's grade shall be determined by their handicap. The grades for the Club championships are:

A GRADE: Scratch to 12 B GRADE: 13 to 18

C GRADE: 19 to Max 36

The Club Championships, in all Grades are to be conducted over 54 holes Stroke Play (for gross and nett scores)

The gross score will decide the overall Club Champion.

The nett scores will decide grade champions and runners up.

The GRADE a player qualifies for in the first round, shall be the GRADE for all the remaining rounds of the Championship. If a player's handicap changes during the course of the Championship, he will play off the amended handicap in the next round of the Championship.

In the event of a tie for the Club Champion or Grade Champion, a play-off is to be over an 18-hole stroke round. If scores remain tied at the end of the play-off, then the 18th hole shall be replayed until a winner is determined.

A separate NETT competition is run on each of the 3 rounds and should a player's handicap be varied from an earlier round, he is then to enter the NETT competition of the day, according to his ADJUSTED handicap.

In the final round of the Club Championships the best placed players in each grade of the championship will play in nominated groups of four with tee times being set by the Club Captain (or representative). The scorecard:

▶ **MUST** show each team member's name, and handicap, and

All team members tee off each hole. The team chooses the shot they are going to use and mark its location.

Any player can then play the next shot by **PLACING** their ball within one club length of the marker on the same surface no nearer the hole, the other players can then **PLACE** their ball within one club-length of the selected position, no nearer the hole, and play their second shot.

This procedure of selecting continues until a ball is holed. Each ball must be placed on the same surface (fairway, rough, green, fringe or sand) as where the selected ball was marked. In a sand bunker, the sand may be raked prior to placing the ball. On the green when players putt, the other players' ball can be **PLACED** within one card-length of the selected spot.

Team members **CAN** stand on an extension of the line of play while putting. Each team member **MUST** have the following Tee shots:

- ▶ 4 player's at least **THREE (3)** tee shots
- ▶ 3 players at least **FOUR (4)** tee shots
- ▶ 2 players at least **SIX (6)** tee shots

The Scorer must record whose tee shot was used on EVERY hole. If this is not clearly marked on the card, the team may be subject to disqualification. At the conclusion of the round, the marker subtracts the team handicap from the gross stroke score to provide a Net Score.

The handicap of the team is calculated by combining the handicaps of the team the dividing by the following to arrive at the team handicap:

- a team of 2 golfers divide by 4
- a team of 3 golfers divide by 6
- a team of 4 golfers divide by 8

This is then subtracted from the Gross Score of the Team to arrive at the Nett Score.

Where necessary, fractions should be included in the calculations. (Revised 2018)
